

Hosted by the SoCal League

California High School State Championships 2015

Coaches, families, and student-athletes: The SoCal League welcomes you to the 2015 California High School State Championships. This is likely going to be the largest high school mountain bike race in NICA history. In 2014 there were 699 student-athletes at Laguna Seca and we expect close to 800 on Sunday May 17th in Los Olivos.

California is currently in the unique (to NICA) situation of having 3 pools of student-athletes that pour into State Championships with SoCal, NorCal North, and NorCal South. The rulebook doesn't specifically cover this scenario yet (we're certain it will within the next few years as the conference system takes hold in other leagues). This year the solution we came up with is to look at States as a "race 6" for call up purposes. We went through the final overall results for each pool (SoCal, NorCal North, NorCal South) and noted how many student-athletes would be called up if we were heading into the next race of each series. Regardless of the fact that the fields cap at 100 and there would typically not be more than 20 call ups we decided that we would reward each field the number of call ups they would otherwise have if it was a series race. In past years we've either alternated NorCal/SoCal (which likely over represented SoCal) or NorCal/NorCal/SoCal last year (which likely over represented NorCal). This seems to be a reasonable way, within the rules structure; to at least somewhat weight the call ups against the number of riders raced against to earn the call-ups. Mathematically NorCal (as a league) ends up with many more call ups than SoCal across the race day while in certain fields SoCal may have more call ups than NorCal.

To further balance things out because there are two NorCal conferences we alternated the call up order across the race day with some fields called up SoCal, NorCal North, and NorCal South and others called up SoCal, NorCal South, and NorCal North (the host gets first call up as has been the tradition for the four years we've held a combined CA State Championship).

For the remainder of the field staging will be done by SoCal stagers using a randomizing method that calms everything down very well. Uno cards. Once staged riders are pulled forward an Uno card is drawn. If the last digit on your plate matches the card you get moved up. This repeats until all riders in a field are staged. Using this method it's ok if you're at staging a little bit early because there's no benefit to being "at the front of the line." SoCal's staging crew has been working staging for many years together and they're pro. It may look a little different than NorCal but it's efficient.

If you have a call up please be at staging like everyone else. Once a field is "in the chute" no places are held for called up riders and the stagers will fill riders into any gaps caused by late or missing riders. Note that call ups are based on the actual final overall standings and NOT the riders registered for the race. All call ups may not be utilized as sometimes riders with call ups do not race. We will NOT call up deeper to make up for riders who may or may not show up on race day.

PLEASE read the race flyer! This is a new schedule to accommodate the large number of riders!

We ask that you mark the back of your left calf with your race field. SB1=Sophomore Boys D1, SB2=Sophomore Boys D2, FB1=Freshman Boys D1, FB2=Freshman Boys D2, VG=Varsity Girls, JVG=JV Girls, SG=Sophomore Girls, FG=Freshman Girls, VB=Varsity Boys, JV1=JV Boys D1, JV2=JV Boys D2.

Please contact SoCal League Director Matt Gunnell at matt@socaldirt.org if you have any questions on this document.

Course Maps available at www.SocalDirt.org/events/races or click "2015 Races & Results" in the menu bar.
